DIVISION OF
OIL, GAS & MINING

Dear Wayne:

The enclosed Plan of Operation, UTU-71617, has been received and is forwarded to your office as required by the Memorandum of Understanding with the State of Utah. As required by 43 CFR 3809 Surface Management Regulations, this office must approve a properly filed Plan of Operation for mining related operations that disturb more than five (5) acres of federal lands administered by the BLM.

As the enclosed letter to the operator indicates, the Authorized Officer of the Bureau of Land Management has determined that the plan is incomplete and additional information is requested before the plan will be processed for approval.

If you have any comments, please contact Michael Jackson at (801) 896-8221.

Sincerely,

Dave L. Hall
